

2022 AFF YF Discussion Meet Questions

1. How can Farm Bureau effectively support and equip young farmers and ranchers to successfully manage economic and infrastructure challenges to ensure healthy and sustainable farms and ranches across the country?
2. Due to current economic demands, many farmers and ranchers spend a lot of time outside the “fence rows” on off-farm jobs. How can Farm Bureau become more accessible and welcoming to members who are working in related fields and juggling responsibilities on and off the farm?
3. Climate has become a major topic among business leaders, policymakers and consumers. As an industry that depends on the weather, what role do we as farmers and ranchers play in shaping climate initiatives to benefit society overall as well as our own farms and ranches?
4. Advancements in autonomous equipment and drone technology offer solutions to challenges farmers and ranchers have faced for years. How can Farm Bureau improve access to, and help farmers and ranchers deploy, these emerging technologies on their operations?
5. Many external influences are causing supply chain disruption for agricultural goods. How can Farm Bureau reduce the impact of external influences through policy development and programming?

—

These questions will be used for the Young Farmers Discussion Meet held during the Alabama Farm and Land Expo, Saturday, August 6, 2022.
