

Green Industry Summer Tour

ALNLA and the Alabama Farmers Federation's Greenhouse Nursery and Sod Division are teaming up for another Green Industry Summer Tour. Make plans to join us in Charlotte, NC June 25-27 as we bus tour to [Metrolina Greenhouses](#), the [Bartlett Tree Research Laboratories](#), and the [Daniel Stowe Conservancy](#). The morning following the tour, there will be presentations on industry legislation, policy initiatives, labor, research updates, and more. With your input, Dr. Jeremy Pickens will conduct a needs assessment to help determine future research projects.

Primary registration is \$400 and includes 2 night hotel stay and lunch on the tour. Add a spouse or guest to your room for \$100. The room block closes May 23, so register today! After that date, participants may register at the \$100 rate, but must make their own hotel arrangements.
