### Farming Feeds Alabama: Make-It

Now that you know more about the food grown and made in Alabama, why not make a special recipe for dinner or a snack? Make sure an adult helps with using the stove and sharp utensils.

# Chicken Quesadillas Ingredients:

2 whole wheat tortillas 1 can of cooked chicken ½ cup shredded cheese ½ cup green pepper, optional

#### **Directions:**

- 1. Place one tortilla on a plate.
- 2. Top with chicken, cheese and green pepper.
- 3. Place second tortilla on top.
- 4. Optional ask an adult to heat the quesadilla in a skillet on the stove, just enough to melt the cheese.
- 5. Cut into pieces and enjoy.

Use this same idea to create other quesadillas with different ingredients. Try peanut butter, banana and honey. Be creative! And remember to thank a farmer, because they're working hard every day to grow food for everyone in our country and our world!

Our food, clothing and other necessities come from farms. Straighten out the mix-up below by connecting the farm picture on the left with the picture of the product it becomes on the right. Then unscramble the letters to form the name of the product. Look at the top picture for an example. Open pamphlet for the top picture for an example.
